Proposal to sell the right of forming tolls by public auction in Sagar town municipality -

From the president
Town municipal council
Sagar -

Letter No Ht 52 /47-48 dated 3rd May 1948 -

Requests early sanction to the proposal of the town municipal council, sagar to sell the right of forming tolls by public auction -

The president states that the municipality was selling the right of forming tolls previously and ever since it is done by the department. the municipality is incurring an average loss of Rs 5000/- per year, as pointed out in the statement enclosed, and further, he pleads his inability in collection of toll as any amount of Supervision and surprise visits have not improved matters the huge difference has severely affected the financial conditions of the municipality

Major

The town municipal council have resolved at their meeting held on 29 10-47 to sell the rights of forming tolls by public auction for a period from 1-1-48 to 30-6-48 and

Proposal to sell the right of forming tolls by / 1869 Jul
public auction in Sagar town municipality -

The Municipal Committee have resolved again and again at their second meeting held on 29-3-40, to sell the same in public auction, and request early sanction of the Govt, as the sale has to be held before the 15th May of every year under rule 172 of the Act Manual -

There seem from the O M No L 6761-71-ME-131-39-3 dated 1st February 1940, that the system of collecting tolls in municipalities by leasing out the right in auction ought be done away with, as it has been a source of trouble and harassment to the public and that the collection ought be done "amani" by the municipal committs concerned

It is not clear from the present letter how the municipality has incurred such a heavy loss. Such a complaint has not been received from the municipalities where the levy of toll is in force -

Sir

In enclosing herewith the letter No MC 52/47-48 dated 3-5-48 from the President Sagar Town Municipal Council regarding disposal of right of collection of Toll by public auction I have the honour to state that at present the collections of Toll is being made departmentally. The President has in his letter No MC 52/47-48 dated 26-26-4-48 enclosed herewith has stated that the Municipality is looking to an extent of Rs 5000/- annually on an average and as such permission may be accorded for disposing the right of collection of Toll by public auction

The Minister during his visit to Sagar on 30th April 1948, in this district when approached by the President of the Municipality was of opinion that the Municipality may be allowed to dispose of the right by sale as a special case and was pleased to instruct me to permit them

As there is very little time at the disposal of the Council for observing the formalities regarding disposal of right by public auction for 1947-48 I have in anticipation of sanction asked the President to go ahead with the proceedings

The action taken may be approved and early orders of Government may be set and communicated

Dear Sir

I request you to be so good as to kindly address the Government for according sanction to the proposal of the municipality to sell the right of forming tolls in this municipality for 1947-1948, Since the Honourable Minister for Local Self Government was favourably disposed in this matter as gathered from his talk at the time of his visit to this on the 30th April 1948

As there is very little time left for me for observing all the other formalities I once again request you to kindly make necessary recommendation to Government for sanctioning the proposal of the municipality

Thanking you

Yours sincerely

Sir,

With reference to your letter No L 17153 dated 27-5-1948 calling for my views regarding the matter of selling the right of farming tolls by public auction by Sagar Municipal Council I have the honour to invite reference to this office letter of even number dated 6-5-1948 A copy of the same is herewith enclosed for ready reference

It is seen from the enclosed statement showing the realisations under Toll from 1939-40 furnished by the President that the realisation is more when it was let out on contract than when it was collected departmentally As it is in the interest of Municipal finance that the toll is to be sold in public auction recommend that the right of collecting toll in Sagar Town Municipal limits be ordered to be disposed in public auction

Re Tolls

I have the honour to state that this municipality was selling the right of formin[illegible] tolls of this municipality previous to running this departmentally as is (now Secn) done now as the Council thought it desirable to collect the same departmen[illegible]ally in order to ensure an increased income But from experience it is seen that matters have not improved even till to-day The municipality is thereby losing a large sum of more than s 5 000/- on an average per year under tolls as can be seen from the comparative statement enclosed Only local people have been employed to the toll-gates since it is departmentally collected The fall in the collection might also be due to the leniency of these gate-keepers who are local people Any amount of strict supervision and surprise visits to the gates by the supervising staff has not improved matters to any appreciable extent and further the supervising staff cannot devote the entire time for the gates simultaneously The Council is fully convinced that this fall in the toll realizations is not due to control operations affecting the vehicular traffic The Council which met on 29th March 1948 has also framed a resolution which is enclosed herewith ~~this~~ for favour of your kind information endorsing the same opinion The Council thinks that this huge difference in the collection of toll has severely affected the financial condition of the municipality since the time it is collected departmentally and is further of opinion that this state of affairs cannot be allowed to continue any further in view of the remarks passed by Government while sanctioning the Budget for 1947-1948 The Government have definitely warned the municipality in advance to find out avenues of improving the financial condition of the municipality which cannot be said to be satisfactory at present

P T O

present

The municipality has therefore thought it wise to sell the right of forming tolls by public auction and has resolved accordingly at its meeting held on 29-10-1947 The copy of the resolution is also enclosed for favour of kind information

The municipality expects nothing less than Rs 5 000/- in excess of previous year s collections which is really appreciable ard this increase will go a long way in improving the resources of the municipality With the increasing expenditure by the revision of pay of the establishment it is incumbent on the municipality to increase the revenue also As the Council has framed the resolution in the best interest of the municipality it is particular to have the sale held during this month so that the future lessees may have sufficient time to make their own arrangements for the collection of toll from the 1st of July 1948

The fact was orally represented with the details of income derived under tolls in various years to your esteemed Self when you were pleased to visit and inspect this town an the 30th April 1948 and you were further pleased to promise that the necessary sanction will be accorded shortly for selling the right of forming tolls in order that the financial condition of this municipality ma improve thereby

As the sale has to be held before the 1 th May of ever year under Rule 172 of Municipal Act Annual and as there is very little time at the disposal of the municipality for observing all the formalities such as printing and publishing of the sale istihar etc kind orders are solicited very earl for the sale of the right to collect toll in this municipality for 1947-1948

Necessar Sale Istihars will be got printed and published very early as oral orders have already been issued by your esteemed Honour

I further pray immediate sanction to the proposal of the municipality

With reference to your letter No L3 C 1437-242/47-48 dated 5th I have the honour to state that the order sanctioning collection of toll through the departmental a ency is not available in this office The Council thought best to collect the toll by departmental a ency to ensure an increased income But from experience t s seen that matters have not improved even till to-day The municipali y is thereb losin a large sum of nearly Rs 5 000/- on an average per vear under tolls as can be seen from the comparative statement enclosed Only local people have been empl ed to he oll gates since then The fall in the collection mi ht also be due to the leniency of these gate-keepers who are local people Any amount of strict supe ision and surprise visits to the gates bv supervising staff has not improved matters and furtner the supervising staff cannot devote the entire time for all the gates simultaneousl The Council is fully convinced that the control operations have never affected the traffic and the consequent decrease in the toll realisations The Council which met on 29-3-1948 has also passed a resolution which is enclosed herewith for favour of vour kind in rmation endorsing the same opinion The Council thinks that this huge difference in the collection of toll has seriously affected the financial co dition of municipalit since the time it is collected departmentally and is further of opinion that this state of affairs cannot be allowed to continue in view of the remarks passed by Government while sanctioning the Budge The Government have definitel hinted the municipalitv to find out avenues of improvin the financ al cordition of the municipalit which is not at all satisfactorv at present

P T O

The municipality has therefore thought it wise to sell the right of forming tolls by public auction and has resolved accordingly at its meeting held on 29-10-1947 Although the municipality made a reference as long back as November 1947 soliciting orders for the sale of the right to collect toll it was returned last month for furnishing urther particulars which could not be furnished till the meeting was held

The municipality expects nothing less than Rs 5 000/- in excess of the previous year s collections which is really appreciable and this increase will go a long way in improving the resources of the municipality With the increasing expenditure by the revision of pay of the establishment it is incumbent on the municipalit to increase the revenue also As the Council has passed the resolution in the best interests of the municipality it is particular to have the sale held during next month so that the future lessees may have sufficient time to make their own arrangements for the collection of toll from the 1st of uly 1948

As sale has to be held before the 15th May 1948 under Rule 172 of Municipal Account Manual and as there s very little time at the disposal of the municipality for observing all the formalities such as publishing of sale istihar etc kind orders are solicited very early for the sale of the right to collect toll in this municipality for 1948-1949 in anticipation of Government sanction The necessary sale istihars will be got printed and published as there is very little time at our disposal before the date of sale in anitici-pation of your kind orders
